

OKLAHOMA WAR-CHIEF.

The OKLAHOMA WAR-CHIEF will resume publication, as a brcezy newspaper, Saturday, April 26th, 1884. The new management makes no promises further than that the CHIEF will be the authorized Organ of the Oklahoma Colony interests, and will favor the opening of the *entire* Indian Territory to settlement. Independent, (not neutral), it will not be the mouth-piece of any political or other organization; but Standard Oil Companies, Cattle Rings, Barbed-wire-fence folks and other robber-monopolies will receive attention "short, sharp and decisive." It will aim to give NEWS from all the world—but especially from Oklahoma—news commercial, social and political.

TERMS—\$1.50 a year, invariably in advance. Advertising rates reasonable.
